Leave Usable Items to the Needy - Second Hand Goods Donation

May 25, 2009

Dear colleagues,

The Community Recycling Coop from Industrial Relations Institute has collected usable items in our campus during the Lunar New Year and gained generous support from our colleagues. We really thank for your kind support. The Union is planning to hold such activities twice or three times a year, to let our colleagues have more opportunities to help the needy.

When you prepare to throw away some items at home or in your office, have you ever thought that some of them are still usable and valuable to the low-income families. Please join our “Leave the Usable Items to the Needy” program which will be held as follows:
